

PUBLIC NOTICE

PERMIT APPLICATION: **NRS 06-197**

APPLICANT: James L. Bailey, Jr., County Mayor
Maury County Courthouse
Suite 101
Columbia, TN 38401
(931) 375-2300

LOCATION: Wetlands in the floodplain of East Fork Greenlick Creek west of State Route 43 By-Pass and south of State Route 99; Maury County: lat 35 37" 00" long 87 07' 08.2"

WATERSHED DESCRIPTION: **East Fork Greenlick Creek is a tributary to the Duck River.** It is not found on the 303(d) list and is assumed to be either unpolluted or unassessed. Much of this portion of the watershed is mixed use consisting of pasture, cropland and scattered woodlots. The wetland that the proposed sewer line will traverse is a forested wetland type dominated by osage-orange (*Maclura pomifera*).

PROJECT DESCRIPTION: The applicant proposes to construct a sewer line along the western property line and tie into the existing sewer in the south end of the property. The proposed trench, stockpile and temporary construction easement will be approximately 35-feet wide and temporarily impact 23,287 square feet +/- of jurisdictional wetland.

The wetland crossing shall be constructed according to standard protocol which consists of the segregation of the top and subsoil, placement of plugs or collars within the trench, the replacement of the soil in the manner in which it was removed and the establishment of pre-existing contours.

The applicant shall monitor the wetland crossing and submit annual reports to this office for at least two years to guarantee that the wetland returns to jurisdictional status.

In accordance with the Tennessee Antidegradation Statement (Rule 1200-4-3-.06), the division has determined that the proposed activity will not result in degradation to water quality.

USGS TOPOGRAPHIC QUADRANGLE: Columbia 57 SE

PERMIT COORDINATOR: Mike Lee

No decision has been made whether to issue or deny this permit. The purpose of this notice is to inform interested parties of this permit application and to ask for comments and information necessary to determine possible impacts to water quality. Persons wishing to comment on the proposal are invited to submit written comments to the department. Written comments must be received within **thirty days of the date that this notice is posted**. Comments will become part of the record and will be considered in the final decision. The applicant's name and permit number should be referenced.

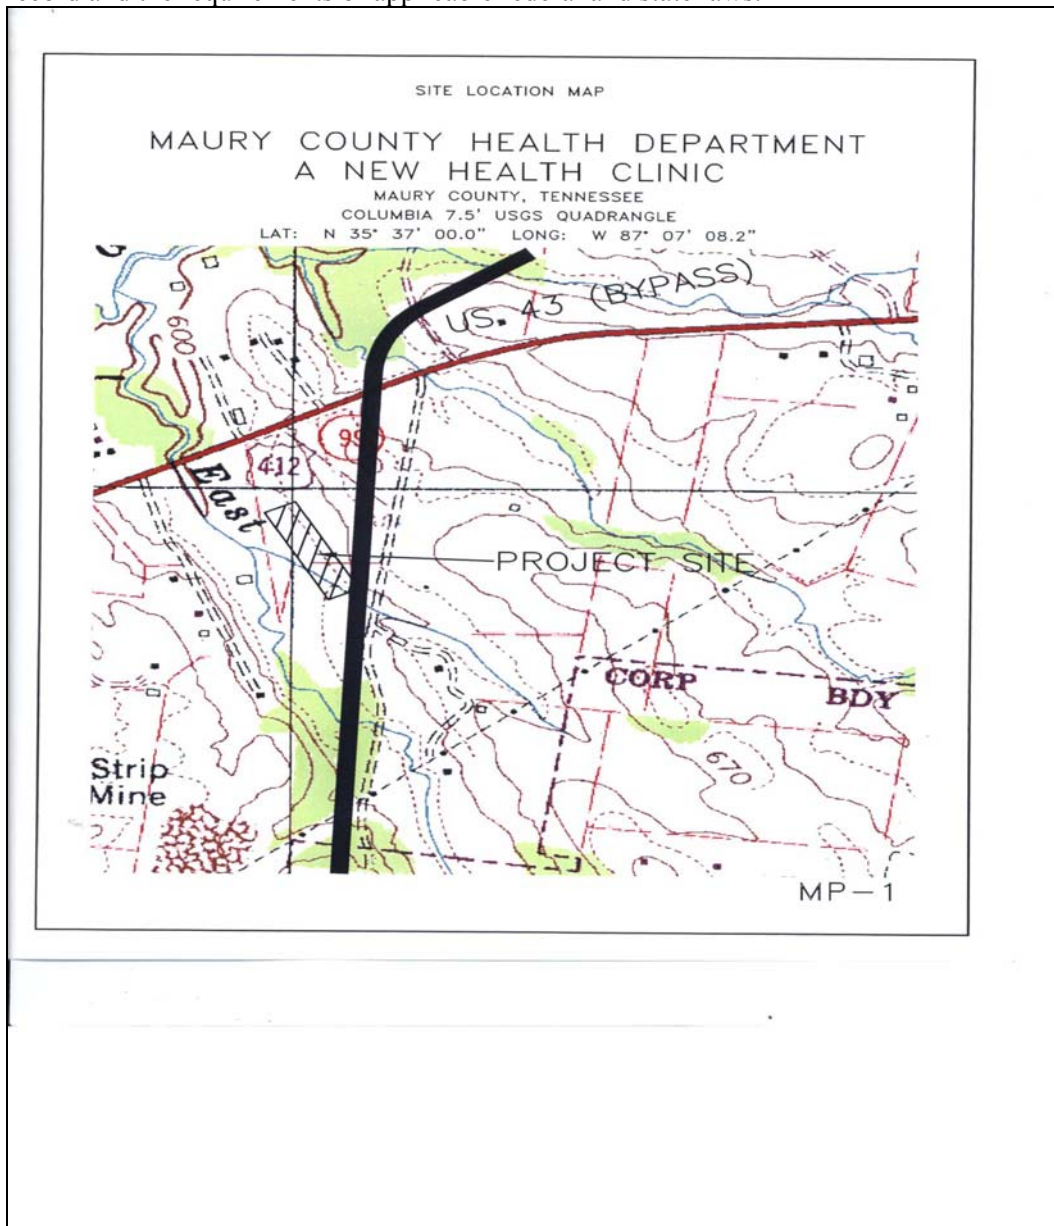

Interested persons may also request in writing that the department hold a public hearing on this application. The request must be filed within the comment period, indicate the interest of the person requesting it, the reasons that the hearing is warranted, and the water quality issues being

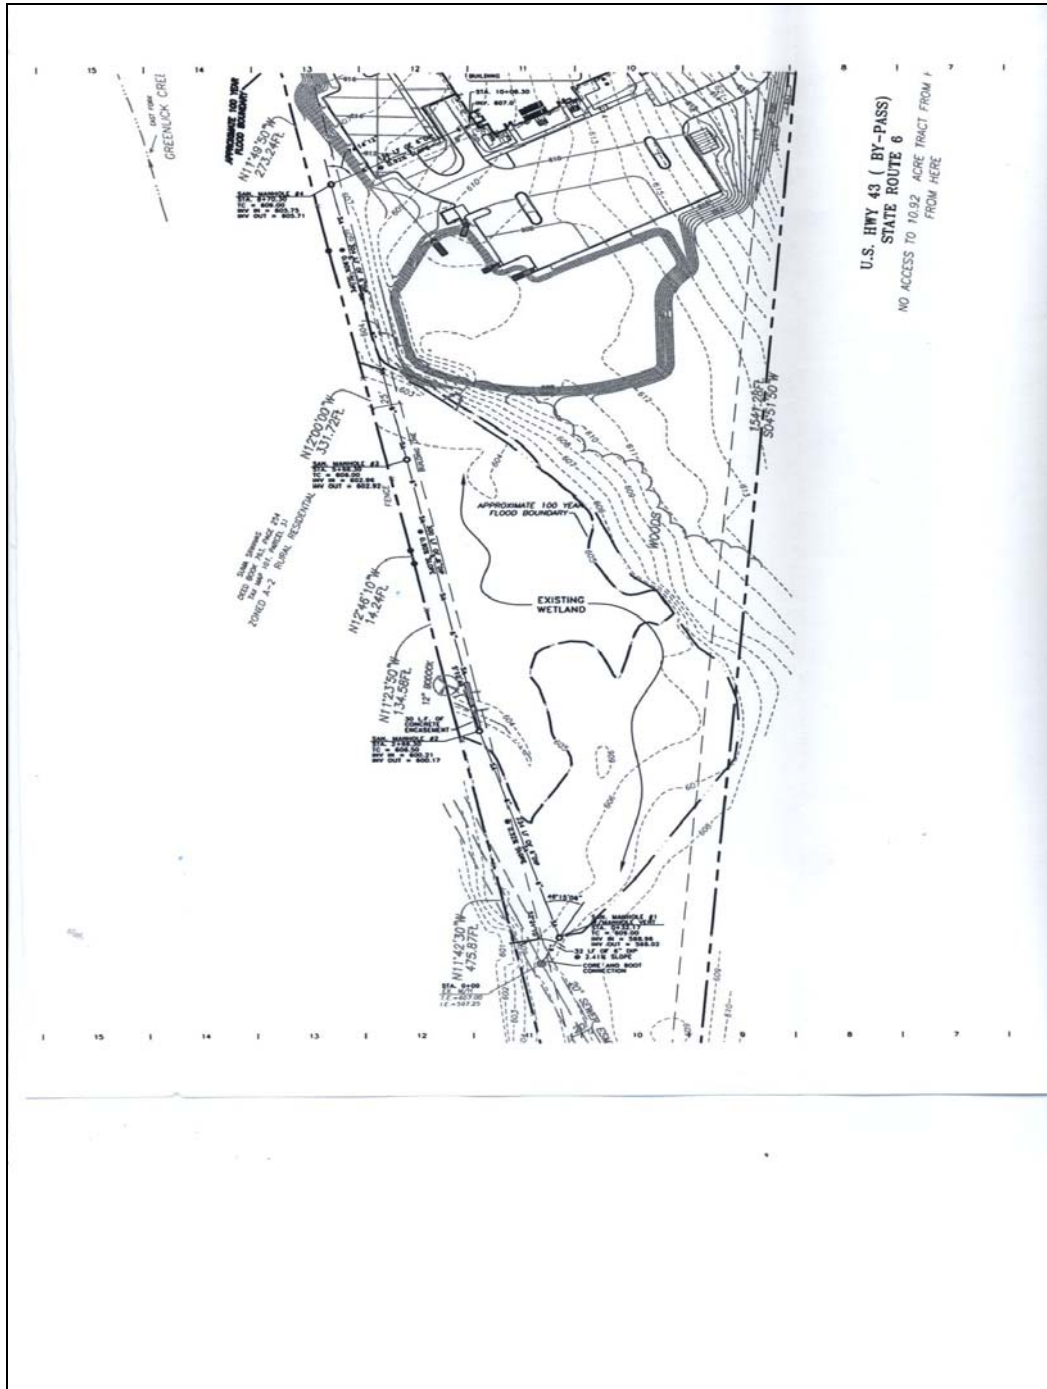

raised. When there is sufficient public interest in water quality issues, the department will hold a public hearing.

The permit application, supporting documentation including detailed plans and maps, and related comments are available at the department's address for review and/or copying. The department's address is:

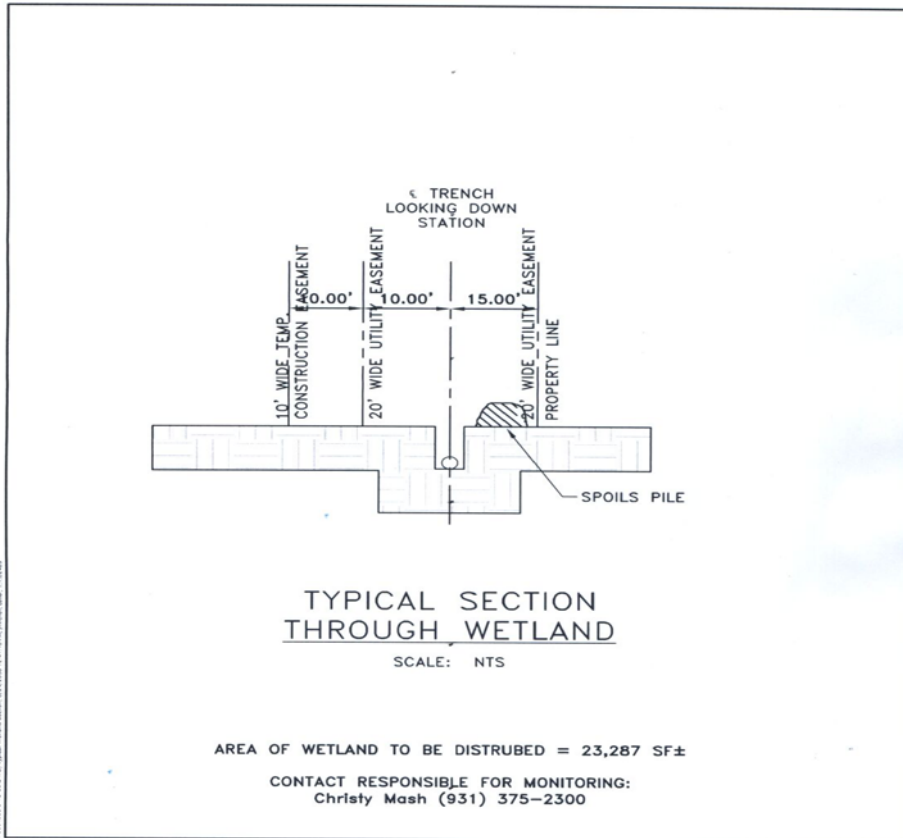

Tennessee Department of Environment & Conservation
Division of Water Pollution Control, Natural Resources Section
7th Floor L & C Annex
401 Church Street
Nashville, TN 37243

In deciding whether to issue or deny a permit, the department will consider all comments on record and the requirements of applicable federal and state laws.
